

Accelerate your cash flow with accounts receivable software

Get paid faster with AI-powered AR automation

Reduce your DSO by 50%.

More than 90% of finance leaders say AR software speeds up cash flow, and most recognize 50%+ faster payments. The key? Streamlining every part of the order-to-cash cycle, from invoicing to collections. That's why finance teams turn to Billtrust, the AR leader optimizing \$1T in payments annually, to move faster and improve working capital.

Proven results.

33%

Fewer overdue invoices
