

Cut costs and exceed customer expectations with automated AR

REDUCED COSTS DRIVE GROWTH

AR automation allows bank lockbox and data fees to be eliminated and reduces manual tasks, enabling growth without additional overhead expenses.

BETTER SERVED CUSTOMERS

Customers can easily access a wide variety of billing and payment preferences through a 24/7 self-service portal. Our automated Credit Application speeds customer onboarding and our smart Collections solution ensures nurturing of the complete receivables portfolio.

ENHANCED PAYMENT AND CASH APPLICATION ACCURACY

Advanced optical character recognition and smart algorithms deliver high cash application match rates. The same technology powers Billtrust's exception handling interface. Exceptions can be resolved with just a few clicks.

Leaders in heavy machinery & equipment have used Billtrust solutions to improve and automate their AR processes.

THOMPSON MACHINERY

Billtrust Cash Application

80% MATCH RATE

Achieved in first 30 days

60% REDUCTION

Unapplied cash

TOTAL REDUCTION

Misapplied cash

ELIMINATED

Miscellaneous journal entries

"Customer confidence and cash application accuracy was at an all-time low, but with Billtrust Cash App, we **reduced misapplied cash to zero!**"

— Randy Oden, *Corporate Controller, Thompson Machinery*
