Digitize to thrive

How digitizing the order-to-cash cycle can benefit customers, employees and business finances in the transportation sector

CASH APPLICATION
Digitizing cash application improves accuracy and speed of reconciliation, allowing faster access to cash.

BILLTRUST | TRANSPORTATION AND LOGISTICS
How digitizing the order-to-cash cycle can benefit customers, employees and business finances in the transportation sector

How to digitize order-to-cash

CREDIT
Digitize by putting credit applications online to improve risk management and reduce friction between sales and finance.

Billtrust helps you process credit applications quickly and automatically, monitor your whole portfolio, and combine internal and external data.

ORDER
Digitize by letting customers order online to speed up purchasing, improve customer satisfaction, and get the data right from the start.

Billtrust helps you build your own web store, add your branding, and link data across the lifecycle.

INVOICING
Automating invoicing cuts out manual work, makes invoices more accurate, reduces disputes and disputes, and speeds up payment and reconciliation.

Billtrust helps you offer your customers every billing format: print, mail, fax, email, EIPP and even directly into their accounts payable portal.

PAYMENTS
Digitizing payments lets you offer credit card payments without prohibitive costs, reduces labor through automation, and ensures payments are secure and compliant.

Billtrust helps you capture virtual card numbers and apply cash automatically, integrate with ERP systems and encourage electronic payment methods.

COLLECTIONS
Replacing spreadsheets helps you prioritize accounts, automate customer contact and improve success rates.

Billtrust helps you prioritize accounts strategically, reduce the average age of debt and give customers a great experience.

It’s critical to digitize the entire order-to-cash cycle as an integrated process. With Billtrust, you can get the scalability you need, reduce risk and cost, and secure competitive advantage.

$85k reduction in remote capture fees and total elimination of manual data entry for Southeastern Freight Lines.
