Managing software implementations is a big task, and not every business' IT department has the bandwidth to fully manage them on their own. Digital transformations are in full swing and most IT resources are tasked against high priority initiatives. There are always more projects than people, and getting IT support for your software implementation can be a challenge.

Billtrust is here to help. Together with our strategic partner, Mach1 Consulting Group, Billtrust can be an extension of your IT team and provide an end-to-end implementation solution. Mach1 Consulting Group is a trusted partner with extensive experience deploying Billtrust solutions in cloud-based or on-premise ERP systems.

For customers who want to take advantage of outsourcing support, Mach1 Consulting Group can step in from day one and champion your organization through the entire implementation process. They are Billtrust experts and can quickly optimize your Billtrust program based on your organization's objectives and requirements. Your IT resources can continue to focus on internal priorities while we work together to launch your program.

What we offer

Billtrust has a best-in-class team who can successfully guide you through your implementation. Mach1 Consulting Group steps in and leads your implementation, freeing up internal resources. They can project manage the whole implementation or provide more targeted support, based on your needs.

Billtrust and Mach1 Consulting Group can help with:

NEW IMPLEMENTATIONS
Setting up your order-to-cash automation

PROGRAM MODIFICATIONS AND ADD-ONS
Optimizing your solutions as your business grows

MIGRATIONS AND UPGRADES
Moving your legacy system into the cloud

Billtrust
